THE TWENTIETH ANNUAL REPORT

OF THE

TRAINING-SCHOOL FOR NURSES

ATTACHED TO

BELLEVUE HOSPITAL.

IN PRESENTING their Annual Report to the Public, the Managers of the Bellevue Training-School, desire to acknowledge with gratitude, the Divine care and guidance, which has caused a little seed sown twenty years ago, with great anxiety, and in much ignorance, to bear fruit which is for the help and comfort of the sick and suffering, in our own, and other lands.

At the time of the establishment of the Bellevue School, not a woman could be found on this side of the Atlantic, competent to train nurses for the sick, and the Managers were glad to avail themselves of the services of an English sister, trained in a London Hospital, to educate the class of six nurses that graduated from Bellevue at the end of two years' service. Now, the Bellevue graduates number 424, of whom 40 are Superintendents of Training-Schools, or Matrons of Hospitals, not only in all parts of this country, but in England, Canada, Italy, Turkey, India, China and Japan.

During the year 1892, the School has supplied Superintendents and Assistant Superintendents, to the Protestant Episcopal Hospital in Philadelphia, the Woman's Hospital in this city, the Methodist Episcopal Hospital in Minne-

apolis, the West Penn Hospital in Pittsburgh, Pennsylvania, the Moses Taylor Hospital, at Scranton Pennsylvania, the Auburn City Hospital, New York, the Wisconsin Training School at Milwaukee, and the Louise King Home in Augusta, Georgia.

During the past year one graduate has died, and four have married.

In 1873, so little was nursing considered an honorable means of self support for women, that the Managers had to advertise widely to secure the class of six, that graduated in 1875, while in 1892, there have been 1860 regular applicants, of whom 39 entered the school. Of this number, seven left at the end of their probationary month, not being found suitable for the work. Of the thirty-two that were retained, one has been obliged to leave on account of ill-health; two have been dismissed for cause; and two left without honorably fulfilling their engagement.

These last are mentioned, because these two cases have scarcely had a parallel in the history of the school.

It is very important that applicants should understand that they must not only be well educated, but willing to study in the intervals they can command, when not on duty in the Wards, as no matter how well the work in the Hospital is done, they must be able to pass their theoretical examinations, in order to graduate.

The agreement which the nurses sign at the end of their probationary month, to remain in the school two years, is binding upon them, and no nurse should enter the school unless she is so situated, that she can fulfill this agreement.

During the past year, with the exception of a number of mild cases of Grippe, there has only been one case of serious illness among the nurses—a case of Typhoid which made a good recovery.

This year there has been added to the instruction, a

course of lessons in cookery for the sick, which has been much appreciated by the graduating class.

The lectures throughout the year have been given by:

Dr. Herman Biggs, on Physiology and Fluids of the Body.

Dr. Robert Carlisle, on Diseases and Symptoms.

Dr. Jasper Garmony, on Surgery and Emergencies.

Dr. Robert Wylie, on Obstetrics.

Dr. Sarah Post, on Massage and Electricity.

Beside this there have been the weekly classes by the Superintendent and her Assistant.

The Registry has again proved of importance to the Physicians and to the public at large, as well as to the graduates who belong to it, as 1336 calls for nurses have been answered by it. Again this year the Edith Home has opened its hospitable doors, and has been a delightful health giving resting place, to many tired and over-worked nurses, who remember Mr. Northcote's name with gratitude.

We desire to close the record of the past year, with a loving tribute to the memory of our Secretary, Mrs. Theodore Cuyler:

We miss inexpressibly her gracious presence, wise counsels and tender sympathy.

“Oh! blessed life of service and of love.
Heart wide as life, deep as life's deepest woe,
His servants serve him day and night above,
Thou servedst day and night, we thought, below.

Hands full of blessings, lavished far and wide,
Hands tender to bind up hearts wounded sore,
Stooping quite down earth's lowest needs beside,
'Master like thee' we thought, and said no more.

Till now again we gaze on thee above,
Strong and unwearied, serving day and night,
Oh! blessed life of service, and of love.
Master, like thee, and with thee in thy light.”

Mrs. Morris K. Jessup has made a beautiful living memorial to her sister, Mrs. Cuyler, by establishing "the Mary De Witt Cuyler" fund of \$5,000, the income of which is to be "appropriated to defray the expenses of nursing any who may be ill among the graduates of the School for female nurses, connected with Bellevue Hospital."

This gift of Mrs. Jessup's supplements in a most helpful way the rooms built by Miss Lazarus over the Marquand Pavilion two years ago, and meets a long felt want in connection with graduates, who are taken sick while practising their profession.

The Managers desire to return their sincere thanks to Mr. O'Rourke, the Warden of the Hospital, for his uniform kindness and consideration towards the Superintendent and nurses, and to the Commissioners of Charity for their unfailing courtesy.

The thanks of the Managers are also due to the Medical Board, and to the House Staff, particularly to Drs. Knight, Pulley and Steddiford who were so unfailing in their attention to the sick nurses in the Home.

REGULATIONS FOR TRAINING SCHOOL FOR NURSES.

The Committee of the Training School for Nurses has made arrangements with the authorities of Bellevue Hospital for giving two years' training to women desirous of becoming professional nurses.

Those wishing to obtain this course of instruction must themselves apply to the Superintendent of the Training School, 426 East 26th Street, New York, either in person or by letter, upon whose approval they will be received into the school for one month on probation. The preferable age for candidates is from twenty-five to thirty-five years. The applicant should send, with answers to the paper of questions, a letter from a clergyman testifying to her good moral character, and from a physician stating that she is in sound health. Applicants are received at any time during the year when there is a vacancy, except in July and August. During the month of trial, and previous to obtaining a position in the School, the applicant must be prepared for an examination in reading, penmanship, simple arithmetic, and English dictation. The examination is to test the applicant's ability to read aloud well, to write legibly and accurately, to keep simple accounts, and to take notes of lectures. This amount of education is *indispensable* for a member of the School, but applicants are reminded that women of superior education and cultivation, when equally qualified as nurses, will be preferred to those who do not possess these advantages.

The Superintendent has full power to decide as to their fitness for the work, and the propriety of retaining or dismissing them. She can also, with the approval of the Committee, discharge them at any time in case of misconduct or inefficiency. During the month of probation the pupils are boarded and lodged at the expense of the School, but receive no other compensation. They are not expected to wear the uniform of the School, but must come provided with dresses of washing material, for use in the Hospital. All clothing must be plainly marked.

Those who prove satisfactory will be accepted as pupil nurses, after signing an agreement to remain two years in the Training School for Nurses, and to obey the rules of the School and Hospital.

If a nurse, *for reasons of her own*, leaves the school before the two years have expired, she is expected to refund to the School the money she has cost it.

They will reside in the Home, and serve for the first year as assistants in the wards of Bellevue Hospital; the second year they will be expected to perform any duty assigned them by the Superintendent, either to act as nurses in the Hospital, or to be sent to private cases among the rich or poor.

The pay for the first year is \$7.00 a month, for the second year, \$12.00 a month. This sum is allowed for the dress, text-books, and other expenses of the nurse, in connection with her work, and is in no wise intended as wages, it being considered that the education given is a full equivalent for their services. They are required, after the month of probation, when on duty, to wear the dress prescribed by the Institution; which is of blue and white seersucker, simply made, white apron and cap, linen collar and cuffs.

The day nurses are on duty from 8 A.M. to 8 P.M., with an hour off for dinner and additional time for exercise or rest. They are also often given an afternoon during the week, and have a right to the half of Sunday. A vacation of two weeks is allowed each year.

As the Institution is unsectarian, there are no religious services connected with it, except evening prayers, and all nurses are expected to attend the place of worship they prefer once on Sunday.

COURSE OF TRAINING.

The instruction includes :

1. The dressing of blisters, burns, sores, and wounds ; the application of formentations, poultices, cups, and leeches.
2. The administration of enemias, and use of catheter.
3. The management of appliances for uterine complaints.
4. The best method of friction to the body and extremities.
5. The management of helpless patients; making beds; moving, changing, giving bath in bed ; and preventing and dressing bed-sores.

6. Bandaging, making bandages and rollers, lining of splints.

7. The preparing, cooking, and serving of delicacies for the sick.

They will also be given instruction in the best practical methods of supplying fresh air, warming and ventilating sick-rooms in a proper manner; and are taught to take care of rooms and wards; to keep all utensils perfectly clean and disinfected; to make accurate observations and reports to the physicians of the state of the secretions, expectoration, pulse, skin, appetite, temperature of the body, intelligence—as delirium or stupor,—breathing, sleep, condition of wounds, eruptions, formation of matter, effect of diet, or of stimulants, or of medicines: and to learn the management of convalescents.

The teaching will be given by visiting and resident physicians and surgeons at the bedsides of the patients, and by the Superintendent, Assistant-Superintendent, and head nurses. Lectures, recitations and demonstrations will take place from time to time, and examinations at stated periods.

When the full term of two years is ended, the nurses thus trained can choose their own field of labor, whether in hospitals, in private families, or in district nursing among the poor. On leaving the School they will, after passing the final examination, each receive a diploma signed by the Examining Board and by a Committee of the Board of Managers.

The Managers of the School wish it to be distinctly understood that they do not guarantee to take all who graduate on the Registry.

BELLEVUE REGISTRY FOR NURSES.

The Managers of the Training School have established a registry for their graduates, where medical, surgical, and obstetrical nurses, and those competent to take charge of nervous patients, can be obtained by applying either in person, by letter, or telegram, to the office of the Society, 426 East 26th Street.

The terms of the registered nurses are \$21 per week, for obstetrical and contagious cases \$25 per week, unless special arrangements are made with the nurse for more or less pay.

A list of these nurses will be found on page 43.

1. The fee is \$10 a year. due after January 1st.
2. Nurses are to keep the Superintendent informed of their place of residence, and when they are ready for a call, and *also when they have accepted a case*, either obtained from the office or from any other source.
3. Nurses, while in attendance in the sick-room, are to wear a cap, apron, and dress of washing material, unless the patient or family object, or the circumstances of the case render such a dress inappropriate.
4. Nurses are to report to the office when, from sickness or any other cause, they are obliged to leave a patient who still needs the services of a nurse, so that their place can be supplied as soon as possible.
5. It is the duty of a nurse to take the care of the patient's room, if her time is not fully occupied by the patient; and also to make herself generally useful and acceptable to the family.
6. Before making an engagement a nurse should mention her terms, or if that is not practicable, then, as soon after as convenient, and when an engagement is once made, she should consider herself bound to keep it, and not be induced to break her word in order to please a patient or to secure a more advantageous position.

If any graduate of the School in charge of a case has proved unsatisfactory, the employer is requested to report the fact to the Superintendent.

The regulations for employers are the same as those generally used in registries for nurses.

1. Travelling expenses and washing are to be paid by the employers of the nurses, unless some different arrangement has been made between them.

2. A meal should be provided for a nurse when she is required to be awake all night.

3. When it is necessary for a nurse to care for a very sick person for several nights in succession, she should be allowed not less than six hours' sleep during the days.

4. When taking entire charge of a nervous patient night and day, though a nurse may not lose her sleep, it is better for both patient and nurse that she have some time for exercise in the open air apart from the patient.

It is not expedient to multiply rules, as they are not all of general application, and many details must be regulated by the circumstances of the case. We only ask for the nurses the consideration and kindness due to those who contribute so much to the comfort and well-being of members of the family.

Your Treasurer is pleased to be able to report that the receipts, including \$2,985.14, individual subscriptions and donations, and \$1,140 Registry fees, have more than met the expenses of the School, for the past year. The \$2,000 Sarah M. Hitchcock legacy has been temporarily used to pay the balance of loans due by the School, trusting that the ordinary receipts of the coming year will yield a surplus sufficient to enable the Treasurer to add the \$2,000 to the Invested Fund, the Managers deeming it desirable to add all such legacies to the Fund, and use only the income thereof towards defraying expenses.

G. MONTAGUE, *Treasurer*.

Respectfully submitted,
